## Professional Summary

---

Computer Science Engineering undergraduate at KLH University, specializing in Data Science and Artificial Intelligence. Strong programming proficiency in Java and Python, with a solid understanding of Machine Learning and Deep Learning fundamentals.

Adept at problem-solving, algorithm design, and developing efficient, scalable software solutions. Experienced in data-driven systems, debugging, optimization, and applying analytical thinking to real-world challenges.

## Education

---

### B.Tech in Computer Science Engineering

Expected 2027

KL University, Hyderabad

CGPA: 9.14 / 10.0

## Technical Skills

---

- **Programming:** Python, Java, C, JavaScript, TypeScript
- **Web Technologies:** HTML, CSS, React.js
- **Frameworks:** Flask, FastAPI
- **ML Libraries:** PyTorch, NumPy, Pandas, Scikit-Learn
- **Databases:** MongoDB, MySQL, PostgreSQL, SQLAlchemy
- **DevOps:** Linux, Docker

## Projects

---

### Heikin Ashi Alpha Trading Bot

*Tech Stack: Python, Machine Learning, Financial Data APIs*

- Developed an ML-based trading bot with real-time financial data processing.
- Implemented the Triple Barrier Method for risk-aware decision-making and trade execution.

### NeckFlex – AI Posture Correction

*Tech Stack: Python, OpenCV, Machine Learning*

- Built a computer vision-based posture detection system.
- Provided real-time feedback to improve posture and reduce strain.

### Amazon Sentiment Analysis

*Tech Stack: Python, NLP, Scikit-Learn*

- Designed an NLP pipeline for sentiment classification on Amazon reviews.
- Performed preprocessing, feature engineering, and model training for accurate predictions.

## Leadership Experience

---

### Vice President — ED-Cell, KL University

2024–Present

- Led a team of 10+ members managing technical initiatives and project execution.
- Organized hackathons and workshops with Automation Anywhere and Red Hat.
- Mentored students in AI systems, backend development, and deployment strategies.

## Patent

---

### Smart Neckband for Posture Monitoring and Therapeutic Massage

Indian Patent Office — Design No: 463448-001

June 2025

- Designed ergonomic wearable integrating posture detection and therapeutic vibration mechanisms.

## Certifications

---

- MongoDB Certified Associate Python Developer — 2024
- AWS Certified Cloud Practitioner — 2026
